

Generosity Journey

Your next steps in giving

OCCASIONAL

You give on occasion as you feel led. You have decided to give for the first time, trusting God and the church with your gift, but are not yet giving consistently.

Asks: How much of my money can I give?

INTENTIONAL

You have decided to give on a consistent basis and have thought about it beforehand (as it requires planning and effort to set up a recurring gift either online or in service), but are not yet giving proportionally.

Asks: How much of my money am I going to give?

PROPORTIONAL

You have decided to give based on obedience to biblical commands. You realize everything you have comes from God and want to put Him first in your life by returning the tithe (10%) to God's house.

Asks: How much of God's money am I going to give?

SACRIFICIAL

You give offerings that are above and beyond the tithe. Your commitment changes how you live in this world, affecting your lifestyle, priorities and budget. You now make sacrifices in your life in order to give more.

Asks: How much of God's money does He want me to give?

ETERNAL

You give because you want to invest in eternity. You think of this life as a brief opportunity to make a difference for the Kingdom of God. You work to give more to God's work than anything else in your life.

Asks: How much of God's money does He want me to keep?
