“Growing up, I was never taught a certain way or a certain truth. I had heard of Jesus through my friends, and I attended a catholic school until I was in the second grade. As I got older, I managed to keep Jesus in my mind, even after not hearing about Him for years. In my late teens/early 20s, I was heavily involved with drugs and alcohol, and turned to substances instead of Jesus. In the summer of 2016, Jesus came to me while I was driving alone in my car, and He asked me if I was ready and willing to give my life up for Him. I developed a true understanding of what it meant to “die to our old self” and then to be made “alive in Christ.” In 2020 I made the decision to get baptized. I was ready to publicly profess my decision to follow Christ and physically be brought under water so I could be risen out of it— representing my spiritual death to spiritual life. Now in 2021, I am pursuing my calling and sharing his truth and goodness to everyone I can.” - **Kelsey**

CHURCH

JASPER

On March 8, 2020, we moved into our permanent Revolution Jasper campus and welcomed **458** Adults, **154** Kids and **23** First Time Guests! Even though we only met in our new facility one week before all gatherings were moved online, we still saw God move in powerful ways as we served our community through Life On Mission opportunities. We look forward to seeing how God continues to use Revolution Jasper in the years to come.

2020. A year of constant change and many unknowns.

But God was constant, and He made Himself known over and over again. It will be a year we will never forget, and for many of us, a year we would like never to relive. **But God** was faithful and so present.

In March 2020, when the world stopped, and stay-at-home orders were put in place, Revolution Church continued with the Mission of Loving Jesus and Growing People. The church was NEVER closed. In fact, God accomplished so much in and through this local church in 2020.

In just a few short hours, we had to make the decision to host all our gatherings online. Our Staff and Team Members worked countless hours to ensure that the Gospel would still go out on March 15. Little did we know that would become our new normal for five months. **But God** allowed a beautiful new campus to be launched when Revolution Online was born. The Church never closed. People connected every Sunday online, joined online Community and Care Groups, and lived Life On Mission like we had never seen before. We were able to serve our community and provide food and other necessities for hundreds of people. The Church was alive, and the mission and vision never stopped.

When the pandemic began, one of our concerns was how we would continue to care for our RevKids and RevStudents. Thankfully we were able to offer ways for kids and students to continue to grow in their faith through RevKids Online and RevStudents Online. We provided resources and online gatherings for kids and students to stay connected and learn about Jesus on their level. We also had several Drive-Thru events for RevKids! It was so fun seeing all of our friends at the Movie Drive-Thru and Santa Saturday Drive-Thru.

The year 2020 was challenging. **But God** moved in powerful ways, and life transformation continued to take place through the local church. Our prayer is that you would look back over 2020 and see the faithfulness of God. We have seen so much fruit out of the pruning season of 2020. We Believe God is constant and goes before us in EVERYTHING. Thank you, church, for engaging through one of the toughest seasons we have ever experienced as a church and community. We can look back over 2020 and know that God held us every step of the way. - **Pastor Jason**
