

Worship Team Video Assessment Instructions

Shooting your video:

- Frame your shot so we can see your entire body while playing your instrument and/or singing.
- Use headphones when you shoot your video to ensure your instrument and/or voice is easily heard. We only need to evaluate your parts.

Sharing on YouTube:

- Create an account if you don't have one.
- Under privacy settings, select “UNLISTED” and title with “YOUR NAME - REVOLUTION WORSHIP ASSESSMENT” (“Unlisted” means it can only be seen by someone with sharing privileges).
- If trying out for multiple instruments, please make separate videos for each.
- Copy and paste the link(s) to the Worship Team Assessment form.

If you don't want to share via YouTube, that's ok! We will accept any video where you're able to provide a direct link.
